WELCOME TO THE ANNUAL CONFERENCE OF THE SOUTH CENTRAL REGION OF ACPE, INC.

It goes without saying that this is the final meeting of the South Central Region of the ACPE, Inc. We gather at Snow Mountain Ranch in Colorado to tell and celebrate our story, a story that is rich in history and tradition, and one that has made important contributions to the work of clinical pastoral education. We hope this will be a time to celebrate this tradition and all that it has meant to the ACPE and to our profession as clinical pastoral educators.

We welcome Jane Anne Ferguson, storyteller, who both in formal and informal settings will help us recall and tell our stories, past, present and future! And while we recall our stories of past and present, we will take time to imagine our future as we begin the work of gathering, forming and organizing Communities of Practice.

Needless to say, we gather in a most beautiful setting, Snow Mountain Ranch. This place will invite us to breathe the air, gaze at incredible scenic beauty, walk the trails, sit by campfires, enjoy each other's company in relaxing settings, or be alone to meditate and pray. Whatever you may need during these few days, it will most likely be available to you!

And don't forget to bring your stories and memories. There will be plenty of time to share them!
